

DRY EYE OMEGA BENEFITS®

Optimal Relief for Dry Eyes

- *Natural relief for dry eyes*
- *Supports proper tear function*

Persistent dryness, scratching, and burning in your eyes are signs of dry eye syndrome. Dry eye syndrome is a chronic lack of sufficient lubrication and moisture on the ocular surface of the eye. Its consequences range from subtle but constant irritation to ocular inflammation of the anterior (front) tissues of the eye.

Omega-3 essential fatty acids are helpful in systemically reducing the inflammation of the accessory lacrimal glands of the eyes. In addition, it has been found that these same Omega-3 essential fatty acids are beneficial in controlling meibomitis and chronic lid disease. **Dry Eye Omega Benefits®** is formulated with a high concentration of the anti-inflammatory Omega-3, EPA (eicosapentanoic acid) in its natural TG form combined with Vitamin D3 and works from within to help address and alleviate the irritation and discomfort associated with dry eye syndrome. Treat the cause, not the symptoms!

Dry Eye Omega Benefits®

- Natural Triglyceride Form for Maximum Absorption
- Highly Purified and Concentrated
- Molecularly Distilled in a Pharmaceutically Licensed Facility
- Independent Laboratory Tested -- Contaminant Free
- No Pro-Inflammatory Omega-6s!

Supplement Facts

Serving Size 3 Softgels		
Servings Per Container 60
